8. HP Envy 6-1180ca 15.6-Inch Sleekbook

The Ultrabook™ that's up for anything. Thin and light, the HP ENVY is the large screen Ultrabook™ with Beats Audio™. With a soft-touch base that makes it easy to grab and go, it's a laptop that's up for anything.

Features

- Windows 8 or other operating systems available

Top performance. Stylish design. Take notice.

- At just 19.8 mm (0.78 in) thin, the HP ENVY Ultrabook™ is slim and light enough to take anywhere. It's the laptop that gets you noticed with the power to get it done.
- With an eye-catching metal design, it's a laptop that you want to carry with you. The soft-touch, slip-resistant base gives you the confidence to carry it with ease.

More entertaining. More gaming. More fun.

- Own the Ultrabook™ with Beats Audio™, dual speakers, a subwoofer, and an awesome display. Your music, movies and photo slideshows will always look and sound their best.
- Tons of video memory let you experience incredible gaming and multimedia without slowing down. Create and edit videos in a flash. And enjoy more of what you love to the fullest.
- The HP ENVY Ultrabook™ is loaded with the ports you'd expect on a world-class laptop, but on a Sleekbook instead. Like HDMI, USB, RJ-45, and a headphone jack. You get all the right connections without compromising size.

Only from HP.

- Life heats up. That's why there's HP CoolSense technology, which automatically adjusts your notebook's temperature based on usage and conditions. It stays cool. You stay comfortable.
- With HP ProtectSmart, your notebook's data stays safe from accidental bumps and bruises. It senses motion and plans ahead, stopping your hard drive and protecting your entire digital life.
- Keep playing even in dimly lit rooms or on red eye flights. The optional backlit keyboard[1] is full-size so you don't compromise comfort. Backlit keyboard. Another bright idea.

17. Apple iCam

A few months ago we featured the amazing WVIL camera, by many considered the future of digital photography. This is another very good looking concept, iCam is the vision of Italian designer Antonio DeRosa, the idea is to have a device that attaches to the iPhone 5, which then allows the user to have a camera with interchangeable lenses. The device would also feature a front-touch screen and a projector. Would be great if apple picked up on this and made it reality.
